DOWN IN TEXAS

The Sun shines Ever Bright
Down in Texas;
The Moon sheds Sweeter Light
Down in Texas;
The Fish are keen to Bite,
The Birds sing all the Night
And the People treat you Right
Down in Texas.

No longer Guns and Knives
Down in Texas;
As Peaceful as Saint Ives
Down in Texas;
Old Bachelors find Wives
And lead Contented Lives—
The Baby more than Thrives
Down in Texas.

O, the Crops of Every Kind
Down in Texas;
The Climate's simply Fine
Down in Texas;
All dues to What is Thine
In any other Clime,
I'll never Swap you Mine
Down in Texas.

San Antonio, - - - - Texas

THE EARLY SAN ANTONIO

1. San Antonio ranks as one of the oldest cities in the United States.

2. Theoretically, it was settled by the Spaniards in 1689.

3. San Fernando was the name given this village west of the San Antonio River.

4. The Mission San Antonio de Valero was established in 1718.

5. This settlement was on the east side of the San Antonio River.

6. San Fernando was settled by the humble, pious Friars of Queretaro.

7. Mission San Antonio de Valero was founded by the Franciscan Monks.

8. In 1736 new settlers arrived and these Two Colonies were merged.

9. These settlers were, for the most part, sturdy folks from Tennessee, the Virginias and the Carolinas.

10. Mission San Antonio de Valero still stands in the heart of the City.

11. It is the historically famous "Alamo"—The Shrine of Texas Liberty.

12. On this spot Crockett, Travis, Bowie, Evans and their heroes died.

13. This little band of "the bravest and the tenderest" numbered 176.

14. For days they withstood the attack of Generals Santa Anna and Cos and their horde of 7000 Mexican soldiers.

15. They knew that they must perish—perish to a man—but they chose to die for Texas' liberty.

16. Only one man chose to flee instead of fight—Moses Rose. History fails to record his fate.

17. When the lull of the battle settled, every American fighter was dead.

18. It had, however, cost the Mexicans 13 to 1—2000 killed, 300 wounded.

19. Only the lives of Mrs. Dickinson and her child were spared and they later lived in San Antonio.

20. Santa Anna and Cos, elated with this butchery of March 6, 1836, went to meet Gen. Sam Houston's Army.

21. They met at San Jacinto, April 21st—just eight weeks later—and the Mexicans were completely routed.

22. Previous to the Battle of the Alamo General Cos had been captured, but paroled on his honor.

23. Houston, therefore, ordered him shot, and held Santa Anna prisoner until Mexico "came to terms."

24. Thus, the Battle Field of San Jacinto and The Alamo are almost sacredly revered in Texas today.

25. San Jacinto—a few miles southeast of Houston—is today a nobly beautiful State Supervised Park.

26. The Alamo, restored to its original and unique plan of structure, is easily the most visited spot in Texas.

27. In 1731 Mission San Fernando was founded in the very heart of what is today Modern San Antonio.

28. It stands today as a monument to pioneer piety and is the home of worship of a multitudinous congregation.

29. In or about the same year was founded Mission Concepcion, the first Mission south of the City.

30. Mission San Jose, the second mission south of the City, was also established in 1731.

31. Likewise, in the same year, the Missions San Juan de Capistrano and San Francisco de la Espada were founded.

32. These latter Missions are respectively the third and fourth Missions below San Antonio.

33. Thus, the Alamo (the oldest Mission) and San Fernando are directly in the heart of the City.

34. The other four Missions are located on or near the famous South Loop, one of Bexar County's famous Macadamized Roads.

35. Sight-seeing Automobiles enable 25,000 or more tourists and visitors to visit and inspect "The Old Missions" annually.

36. Nestled here 'mid Hills and Vale, 'mid Trees and Flowers, 'mid Fertile Fields and Boundless Plains, *San Antonio is Happy.*

37. And, why not? A perennial Climate beams Nature's generous Health in the passing of its smiling Sunshine and Showers.

38. A magnificent Monument will presently be erected to the memory of The Heroes of the Alamo.

39. It is planned to erect this monument of marble, granite and steel and it will tower to a height of 802 feet.

40. Prominent San Antonio business men head the movement and already a very substantial sum has been contributed.

41. To be erected by contributions from the people of Texas' 252 Counties, this Monument will cost \$2,000,000.00. It will contain a room for each County.

42. Following the Battle of San Jacinto, April 21st,

1836, Texas became a Free and Independent Republic on May 14, 1836.

43. In signing the Treaty Governor Burnett, in the absence of a seal, used a button clipped from a soldier's coat.

44. It bore a lone star, an oak leaf and a laurel wreath. Hence, the Texas State Seal, the Texas Flag and "The Lone Star State."

45. Let us read on and learn something of the New and Modern San Antonio.

THE SAN ANTONIO OF TODAY

46. San Antonio is easily the Largest City in the Largest State.

47. Largest in point of Area—Largest in point of Population.

48. Area, inside City Limits, 36 Square Miles, 23,040 Acres.

49. Area, inside Suburban Limits, 52 Square Miles, 33,920 Acres.

50. Has an energetic Population, City and Suburban, of more than 122,000.

51. Has approximately 25,000 Families of 15 or more Nationalities.

52. About 23,000 Families own or occupy Individual Homes.

53. About 2,000 Families reside in Apartments, Flats or Hotels.

54. San Antonio's Scholastic Population is approximately 22,000.

55. San Antonio has 23 Parks and Plazas embracing 350 Acres.

56. These Parks and Plazas are valued at about \$2,500,000.00.

57. Brackenridge Park alone contains Two Hundred and Six Acres.

58. Madison Square, Travis, Milam, Washington and Maverick Parks are centrally located.

59. In Milam Park a monument perpetuates the memory of Col. Milam.

60. On it is inscribed "*Who will follow Old Ben Milam into San Antonio?*"

61. His men followed him and they captured The Alamo in the winter of 1835.

62. Milam, leading his men, fell at the intersection of Soledad and Veramendi Streets—today a great business center.

63. This explains how the Americans came to be in possession of The Alamo which they lost in March, 1836.

64. In Travis Park is the beautiful Confederate Monument whereon is inscribed "Lest We Forget Our Confederate Dead."

65. San Antonio's Parks and Plazas are interesting as well as beautiful.

66. San Pedro Park has its Old Rock House and Sparkling Springs.

67. Brackenridge Park is famous for its beautiful Winding Drives and a unique collection of Wild Animals and Birds.

68. Trees, Flowers, Palms, Fountains and Nature's Noblest Plants and Birds lend their beauty and charm to every Park and Plaza.

69. Exposition and Electric Parks are exclusively Amusement Parks.

70. Electric Park, on San Pedro Avenue, is reached via San Pedro Cars.

71. Exposition Park, opposite The Hot Wells

Hotel south of the City, is reached via the Hot Wells Cars.

72. Main Plaza is the site of the City's splendid Public Market Hall.

73. Military Plaza is the site of the Court House and San Fernando Cathedral—The Old San Fernando Mission.

74. Alamo Plaza forms the site of the Federal Building and "The Alamo."

75. These pleasant, open Plazas form the City's most active business centers.

76. The San Antonio River wends its way through the City, southward.

77. It is spring-fed and runs sparkling clear much of the year.

78. Rock walls confine the River's flow through the business center.

79. Here on pretty days, hundreds of boys swim, splash and sport.

80. A city ordinance gives the younger generation this pleasureable privelege.

81. Few can cross the River Bridges without pausing to watch and smile at these "Newsies," "Shines" and other Boys.

82. San Antonio has 79 Schools, 34 Public and 45 Private.

83. There are 28 Graded Schools for Whites and 4 Schools for Negroes.

84. Two High Schools will presently have to be enlarged to properly serve the increasing number of students.

85. The approximate value of all Public School Property is \$2,000,000.

86. The approximate value of all Private School Property is \$2,000,000.

87. Thirty-two Principals and 418 Teachers conduct the Public Schools.

88. Teachers' salaries range from \$60. monthly upwards—Average \$80.

89. The new Collins Gardens, Highland Park and Hot Wells Public Schools cost \$32,000, \$40,000 and \$20,000 respectively.

90. San Antonio has 76 Churches embracing practically all denominations. Many are the highest type of architectural beauty.

104. The combined circulation of these Two Papers is about 75,000.

105. German, Mexican, Italian, Polish and other foreign periodicals are published here.

106. Several Agricultural Journals exploit the possibilities of Southwest Texas. The Alamo Magazine is the leading periodical of its class.

107. San Antonio is replete with History, Romance, Literature and Art.

108. Writers and Artists of note there are many, including Painters and Sculptors of International Fame.

109. San Antonio is unquestionably the Healthiest City of its size in the United States.

110. The Mortality Rate is about One in One Thousand or .001 Per Cent.

111. Average Annual Temperature 67.9; Average Relative Humidity 67.

112. Average Annual Rain-fall 27.64; some years 35 to 40 inches.

113. City's elevation at the City Hall 661 feet; on the Heights 768 feet.

114. Home Capital has erected most of San Antonio's Large Buildings.

115. Twenty of them range in height from Five to Ten Stories.

116. San Antonio does not lend itself to the exaggerated Sky-Scraper idea.

117. Its even and unbroken sky-line is one of its distinctive features.

118. Three Large Department Stores have over 240,000 Square Feet of Floor Space.

119. One Department Store occupies an 8-story

building in its entirety, with an annual rental of \$36,000 annually.

120. San Antonio is the Home of high-class Theatrical Amusement.

121. Principal Theatres:—Grand, Majestic, Empire, Queen, Princess, Royal.

122. It requires the fingers (and thumbs) of two hands to enumerate the city's Motion Picture Houses.

123. San Antonio's Market Hall cost \$45,000 and its Auditorium seats 4000.

124. The Carnegie Library Building cost \$75,000 and contains 30,000 Volumes.

125. Bank statements indicate San Antonio to be the wealthiest city in Texas.

131. Fourteen Artesian Wells supply the Residential Districts.

132. Forty-seven Artesian Wells supply Offices, Factories and Hotels.

133. Numerous Office Buildings, Manufacturing Plants and Hotels have their own private Flowing Wells.

134. Electricity is furnished for private use at 12-cents per Kilowatt.

135. For power use—500 K. .05—next 500K. .04—next 9000 K. .03—over 10,000 Kilowatts, .02-cents.

136. Gas (artificial) costs \$1.25 per Cubic Feet, for Light and Fuel purposes.

137. Natural Gas is being developed about 10 miles south of the City.

138. Already, it is claimed, a flow of 1,500,000 cubic feet occurs every 24 hours.

139. Beyond the Natural Gas Field are several productive Oil Fields and new fields are being tested and developed.

140. All of which suggests Natural Gas for San Antonio in the very near future.

141. Two Hundred Miles of Water Mains and 1000 Hydrants serve the City.

142. Perhaps 150 "Jitney" cars are at your service on a 5-cent fare basis.

143. Their validity as common carriers is being tested in the Courts.

144. They form strong competition for the Electric Lines which, it must be admitted, have helped San Antonio to develop.

145. The Large Sight-Seeing Cars operate out to the Old Missions, to the Medina Dam, the Army Post, Hot Wells and other points.

146. As a result of Three Bond Issues, San Antonio is expending large sums of money in substantial Civic Improvements.

147. These expenditures cover a period of three years—1914—1915—1916.

148. Street Improvements Work (actively being carried on) will total \$4,500,000.00.

149. Special Street Widening calls for an expenditure of \$1,125,000.00.

Booklets and Business

**"If your Business is worth Boosting,
it's worth a Booklet"**

Our Business is Booklets. No matter what your Business is, our Business is to *Build* a Booklet that will *Build* your Business. Newspapers and Magazines are regarded as natural and necessary Advertising mediums, but the life of an average Daily is about 29 minutes and 37 seconds. Magazines, if they are worth reading at all, charge exorbitant rates for space. In either medium you are quite apt to become *lost in the shuffle* of countless and indiscriminate *would-be* Advertisements. *Too Conglomerated—Too Transient—Too Meteoric!*

Newspaper—Magazine—Good, Bad or Rotten—
Half Hour to read and dream—*Your Ad. Forgotten.*

Publicity that *Pu*'s—the kind that *Pays*—stands out *Clear, Bold and Distinct*. It possesses Individuality and carries with it *The Direct Punch*. \$25,000,000 is wasted annually in the United States on *Pull-Less* Publicity. The average Advertiser in a Newspaper or a Magazine is a "Little Frog in a Big Puddle." The man or the firm that advertises *Direct At-Em* through the medium of a strongly written, interest absorbing Booklet is—*is Going to see Results*. Don't worry about Circulation—We build that, too. We originate, plan, write and design
